

Unbeatable strength. Unmatched beauty.

## Modern times. States-of-art-solutions.

Modern times with it's pressing work culture, travelling patterns and lifestyles have ushered-in drastic change in the environment we live and work in. With nuclear families and working couples becoming more common, homes are left unattended for more duration; leaving them open to break-ins at any hour of the day, ensuring safety of valuable possessions has increased the need for heightened safety at office too.

The i-leaf security steel doors offer the ultimate solution to this problem with absolute safety. The unmatched strength of the body made of steel and state of art technology with unique feature like multi-point, multi position lever locking system, unique finish, non-duplicable 8 keys etc. Provide perfect protection and peace of mind.

Further the i-leaf decorative doors add grace, charm and aesthetics to all other nook of the homes like bathrooms, kitchen and other living areas.

## At a glance – features
